

Geranium Vision

**R 26,600.00 ex.
vat**

Painting made using clay washes and charcoal, finished in acrylics and chalk. Captures a moment of envisioning where the mind processes the flashing visualization of a healing plant, the Geranium. The significance of the moment is the reconnecting/ remembering of a deeper relationship with nature and its medicinal qualities. The geranium plant has been used for centuries bearing numerous benefits including, improving vision and memory.
