

DESERT EAGLE la mort du roi Tsongor

R 50,000.00 ex.
vat

this painting is inspired by the book : "King Tsongor's death", by french author Laurent Gaudé.

It is inspired by Troy the grec tragedy.

Where vionece and epic human feelings end up as sand in the desert.

On the picture you can see the king blaming the world for what he is.

Yet the arm of destiny, which is all written, points to one direction.
