

Taal (Language)

R 3,500.00 ex. vat

A playful installation that explores 'Taal' (language) through found and sculptural objects that are stacked on top of and alongside one another. The piece includes brick, cement, wire and a black label. These materials have come to be the building blocks for our construction of space in urban areas. Therefore, I use the piece as an attempt to create dialogue beyond social labels.

Frame	None
Medium	Installation
Height	70.00 cm
Width	50.00 cm
Artist	/Xam Fortuin
Year	2019
