

In the spur of the moment

R 11,200.00 ex. vat

Abstract expressionism is at the core of all Simone's work as she delves into her own sense of self and the complexities of life through colour, form and expression. She believes that layers have the power to create depth and dimensionality. And it's through layering that she is able to process the intricacies and narratives of human experience. In the spur of the moment was created in a moment of pure expression. A moment where the freedom of creating unravelled quickly, releasing creativity straight onto the canvas.
