R 12,350.00 ex. vat

Zeal is available for printing on Ilford Cotton Rag paper.

Zeal(2023) was photographed by Shannon after many months of research and experimentation with capturing the movement and nature of fire during fire drills. Here, Shannon sought to freeze a moment in time when the heat of the blaze was at its peak while capturing a physical representation of the feeling of 'facing intensity' in the midst of fire department exercises.
