

I SHINE AS I SHINE

This piece is from the series AND GOD CREATED THE WORD

Through speaking , one came out of the shadows of it's own inner discomfort. Expressing our inner emotions, putting a face on our demons.

Accepting who we are, to the fullest.

With no left shadows.

Only then can we shine, by just enjoying being who we are.

I painted letters in the back ground, all size of letters , using all kinds of inks.

Creating a depth, by layering the letters and words.

As if the scriptures was our heritage, and the traditions an interpretation of the world which becomes our belief system.

Than comes the caracter, made out of strokes. Witness of time passing by.
Praying and awaking and begging and receiving and giving thanks all at once.
