

Rememberance

R 4,500.00 ex. vat

A spectral figure sits in stillness, its form dissolving into the deep purples and blacks of the void. The face is obscured, fading into a skeletal mask, as if caught between worlds ,between presence and absence, between past and now. Hints of green and blue breathe life into the figure, yet the rough textures and dark erosion suggest time has worn it thin. The magenta below seems to burn, a restless energy beneath the meditative posture. A haunting exploration of memory, loss, and the fragile tether between the living and the beyond.
