

Artefact of Perception I

Call for Price

Carbon Fibre Sculpture.

Carbon fibre is an embodiment of the great advances in material technology to which the last decades have been subject. Raw carbon fibre is combined with a plastic resin to form carbon-fiber-reinforced polymer composite. Once cured it is eleven times stronger than steel.

Edition Size	1
Medium	Carbon Fibre, 3D Printed ABS, Resin.
Height	25.00 cm
Width	31.00 cm
Artist	David Brits
Year	2017
